Dues Structure & Membership Eligibility

1. Members are required to pay dues annually to maintain membership. Annual membership dues are subject to adjustment each year. Dues are billed in January and payable by February 15th. Membership cards will not be valid until dues have been paid in full. Dues that have not been paid in full by March 31st are considered delinquent, and if not paid by December 31st will result in the immediate loss of membership and the then current initiation fee and current dues for the year will have to be paid in order to rejoin the Association. The annual dues amount is available on the DPA website and in the DPA office.
2. Membership is associated with the Lot for which an initiation fee has been paid and dues are current. A membership may not be transferred from one Lot to another. For a new owner of a member Lot to keep the membership, a transfer fee is required. If the owner of a member property transfers the property ownership to the owner's child or children or spouse, to a family trust for which the member owner is trustor, or to the child/children or spouse of a trustor of such a family trust no transfer fee will be required. Members are required to notify the Association of all ownership transfers within 60 days of the date of transfer.
3. The initiation fee amount is available on the DPA Website and in the DPA office.
4. A Lot is not eligible for membership in the Association if the development rights associated with the Lot have been transferred or otherwise removed from the Lot or if the Lot is subject to a recorded restriction on development, including but not limited to a conservation easement.
5. The owners of a Lot are not eligible for membership in the Association if there are more than four (4) owners of the Lot unless such ownership by more than four (4) owners has resulted from marriage, a legally recognized domestic partnership, inheritance or dissolution of a marriage or domestic partnership. Married couples and legally recognized domestic partners are counted as a single owner. Ownerships will be subject to review and approval by the DPA Board.
6. The owners of a Lot are not eligible for membership in the Association if any of the owners have an ownership interest of less than one-fourth interest unless such ownership interest of less than one-fourth has resulted from inheritance or dissolution of a marriage or legally recognized domestic partnership. Married couples and legally recognized domestic partners are counted as a single owner. Ownerships will be subject to review and approval by the DPA Board of Directors.
7. A Lot is not eligible for membership in the Association if the owner of the Lot is an association of owners of properties of a subdivision or development other than the Dollar Point Subdivision.
8. In 2020, each membership Lot is issued one (1) membership gate access card and (2) membership photo ID cards. Any new cards issued are subject to a fee listed on the fee schedule.
9. Commercial activities are not permitted on any DPA property without the express permission of the DPA Board. Contact the Association main office for further details.

Member Coupon Program (MCP) – New for 2021

The MCP has been put in place for a very specific reason. We know that the core 2021 Access Rules and Regulation meet far and away the majority of the access needs of our members. However, we have learned that a much smaller portion of our overall membership has needs that extend beyond the core access policy and the Board wanted to address those needs.

We know that at times members will have house guests that may want to attend our venues at a time when the Member or a Family member is unable to actually escort those house guests to the DPA venue. For that reason, we are extending the ability for a member to provide that house guest access to DPA venues without escort by a member or family member presenting a valid DPA ID card (a non-escorted guest). These non-escorted guests will be provided access to the DPA venue for the day when they present a valid MCP coupon at the DPA office. These coupons will be limited annually to 12 per DPA member household. The MCP coupons will be an incremental benefit to a DPA member, over and above their core access benefits, and therefore members wishing to utilize this program will incur an additional cost for these coupons over and above their annual DPA dues.

MCP coupons will be sold in booklets of 12 at a booklet cost of \$120. Coupons will only be valid for the year purchased. These coupons will be valid only for individuals who are actual houseguests of a DPA member. They will not be valid for individuals that are renting a DPA member house.

Coupons utilized in any manner not consistent with the above guidelines will constitute a violation of DPA Rules and Regulations. Any member involved in coupon use that is not consistent with these requirements will be subject to either suspension or revocation of their DPA access benefits.

The MCP should provide a needed extra benefit to our DPA members. MCP provides an additional flexible way for members to enjoy their membership in DPA.
